

# Its so good to know

I will never be lost....I won't be all alone  
You found me, saved me  
You made me Your own

I will never be lost....I won't be all alone  
You guide me, change me  
You are my way home.....

It's SO good to know  
No matter where I go  
You... will ...never, ever leave me Lord!  
It's SO good to know  
No matter where I go  
To the right...to the left....turn around....straight ahead  
You are always with me Lord!

It's SO good to know

No matter where I go

You... will ...never, ever leave me Lord!

It's SO good to know

No matter where I go

To the right...to the left....turn around....straight ahead

You are always with me Lord!
